## - ALLERGEN MENU -

*In order to try and eliminate as many allergens as possible – we have used “free from” ingredients as standard in many of our dishes. Where we have not been able to utilise a free-from ingredient as standard - we have \* certain allergens which can be eliminated from the dish should you need – and an alternative would be provided where possible (e.g. gluten free bread, different salad dressing, pot of salsa instead of coleslaw etc)*

*If you require the \* allergen removing from the dish – please tell your server and we will happily arrange this for you. We pride ourselves on cooking homemade fresh dishes – so if you do have a specific dietary concern and are struggling to find something suitable on our menu - please let us know so that we can create something delicious and safe for you to enjoy.*

*Please note that whilst every effort has been made to ensure that the allergens listed are not in the ingredients of a dish – we cannot guarantee that all dishes will be free from traces of allergens in the cooking environment. If you have a severe allergy to any ingredient, please alert your server so that we can do our utmost to guide you to a safe option.*
